

# Coding Society

Form link: <https://forms.office.com/e/ausimLgajT>

Promotion:

Hey everyone! Sorry to interrupt. Hope you're all doing well. Are you interested in coding or have any coding experience? If so, I wanted to let you know about the **new Coding Society** that I'm starting.

In our regular meetings, we'll discuss various **coding problems** and solutions, with a focus on **algorithms and data structures** that big tech companies like FAANG are looking for. This will be great practice for coding interviews and a chance to improve your coding skills. For those of you who know, this is basically a Leetcode study group.

Plus, by joining the society, you'll have the opportunity to connect with like-minded individuals and prepare for a career in tech.

To get involved, register your interest and be part of our mailing list :

<https://forms.office.com/e/ausimLgajT>

## Application

**The name of the CSP you wish to start up :**

Coding Society

**Aims and Objectives of Society:**

1. Providing space for studying algorithms and data structure together with like-minded people.
2. Space for finding people to form a side project team with.

**Who from CSPB is seconding your application to show support?**

Full Name and Position

**Please State your group's planned regular and one-off events and activities below**

Please include: Activity name, Weekly/Monthly/Termly, Cost for members to attend (£ per person)

1. Coding Challenge, 1 hour every other week, £0
2. Side Project Presentation, termly, £0
3. Coding Test for a Certificate, annually, £0

**Will you have any equipment, storage or space requirements? Please detail these below and any resources/space you may have sought yourself**

A classroom with a blackboard and electrical sockets

**What would your Budget look like for the year?**

Please include each activity/item as an individual line, including:

1. Importance to your society (rated 1 most important, 2 Important, 3 average importance, 4 minimal importance, 5 least important)
2. Predicted cost

3. Predicted income (eg. ticket sales)

4. Actual overall cost of the line (profit, loss, break-even)

Please note that New Activity Incubator Club's do not have the right to charge an annual membership fee to members and are not eligible for Union Grant until they have graduated from the Incubator.

Please include: Item/Activity/Description, Importance, Predicted Cost, Predicted Income and Actual Overall Cost

**Line 1: nothing**

**Please provide three SMART milestones for your society Line 1**

(Specific, Measurable, Achievable, Realistic and Time-bound)

What is your goal?

How will this be measured?

What does success look like?

Are you confident that this can be achieved?

When would you expect this to be achieved?

**Milestone 1**

Goal: Engaging members.

Measure: keeping the record of the number of people who take part in the regular meeting.

Success: 20 active participants per meeting on average.

Expected to be achieved in 1 year.

I am confident.

**Milestone 2**

Goal: Enhancing members' ability to think computationally.

Measure: Annual coding test (pass/fail).

Success: more than 50% of the members pass.

Expected to be achieved in 1 year.

I am confident.

**Milestone 3**

Goal: Making members qualify for a software engineering role at top companies.

Measure: Annual survey. How many companies they got offers from.

Success: 60 offers every 3 years,

Expected to be achieved in 3 years

I am confident.
